

Muhammad Rohail Omer

Web Developer

I am a dedicated web developer with a strong affinity for frontend technologies such as HTML, CSS, JavaScript, React, Tailwind, Bootstrap and Material UI with a basis understanding of backend concept.

Work Experience

2023-05 - Current	Inventory Management Software <i>Mir Autos, Gujrat, Punjab</i> <ul style="list-style-type: none">Analyzed existing software to generate feasibility report for whether new features are compatible with existing software.
----------------------	--

Education

2017-09 - 2022-01	Bachelor of Science: Electrical Engineering <i>International Islamic University – Islamabad,</i>
----------------------	--

Certifications

HTML5 and CSS3
<https://www.purple.com/certificates/19ilxfludy>
Meta Front-End Developer
<https://coursera.org/verify/professional-cert/PB4J24JHU9X3>

Projects

Little Lemon Restaurant Reservation App (Front-end)
Personal Project
As a fictional Client, designed a responsive front-end for the Reservation app along with its reservation feature with client-side validation. Designed the app using Figma (both wire-frames and prototyping) and developed it using React and npm libraries such as formik to name a few.
